Policy

It is the responsibility of the Ashland Public Library to maintain a healthy and clean environment for all Library users and to protect the taxpayer's investment in Library collections, equipment, and property from insects and other pests. In order to fulfill this responsibility, the Library may charge the patron for damage to materials and/or restrict a user's ability to borrow materials and/or to visit Library property when such use may jeopardize the health and cleanliness of Library facilities, collections, users, and/or staff.

Any Library user that has privileges suspended under the terms of this policy may request a reevaluation of the suspension by the Library Board.
